

What is Trending on Social Media right now

Trends on social media come and go very quickly, so list of hot topics can be dated before they are finished being written. As for books there are some areas, for example BookTok or Booksagram, and those are great platforms to get current recommendations. However, you do not have to limit yourself to TikTok, Instagram, X, or Facebook. Most news and magazine sites that have book sections with reviews and top topics. Almost all bookstores have trending books on their social media. There are also book sites like Book Riot, Literary Hub and Electric Lit.

My advice is go on your favorite social media and check out the Book Trends there.

However, if you would like to search for trending books, I used the following in Google and got a lot of good results.
